

PsychAid Patient Application Form

PsychAid was created by Dr. Henry Svec as a means for the poor or working poor to be able to access psychological services. PsychAid will pay up to \$95 per visit and you will be required to pay a co-pay of \$5 per visit.

PsychAid provides for the funding of health services provided by or supervised by a Registered Psychological Associate or Psychologist in Ontario. PsychAid is only available at approved clinics, as we have limited funds. Currently, the program is funded by the Dr. Svec Institute and Rehabilitation Clinics. If approved, you will be able to receive up to 8 hours of psychological assistance during a 12 month time period. To be eligible for the program, you must have individual income of less than \$20,000 per year if living alone, or family income of less than \$25,000 per year otherwise.

Psychaid will not fund missed appointments and that missed appointment will count as one of your 8 visits. After two missed appointments for any reason, you will no longer be eligible for psychaid assistance.
